

Assistant Professor
Department of Mathematics and Statistics, Faculty of Science
Part Time Academic Instructor

Position Description

The Department of Mathematics and Statistics invites applications for a part-time Academic Instructor to teach MATH/ENGR 222 (Calculus III for Engineers) (three credits) during the winter term of the 2024-2025 academic year.

We seek applicants with a foundational background in mathematics, normally an undergraduate degree in Mathematics or related field, and a graduate degree, normally a minimum of a Master's degree, and/or a professional degree or designation relevant to the instruction of these two courses.

Preference will be given to individuals who have expertise in applied mathematics, who have previous classroom teaching experience and strong communication skills.

The successful candidate should employ an equitable, diverse, inclusive, and accessible teaching approach to promote a respectful environment for all students, staff, and faculty.

Application Instructions

The review of applications will commence July 8, 2024 and continues until the position is filled. To apply, please submit a cover letter (outlining one's suitability for the position), a curriculum vitae, a statement on teaching experiences, interests, and teaching philosophy, as well as the names and email addresses of three references to:
